

## FAQ - Detoxing With UltraStream

Q. My wife and I purchased the UltraStream and have been using it for a couple weeks. Unfortunately we have not been happy with the results (reported on the phone about having sore throats).

A. It's actually fairly common to experience what you and your wife have.

I have concerns for what you experienced and simply want to talk with you about the detox process to see if I can help. Please read:

**The Herxheimer Reaction** is a short-term (from days to a few weeks) detoxification reaction in the body. As the body detoxifies, it is not uncommon to experience flu-like symptoms including headache, joint and muscle pain, body aches, sore throat, general malaise, sweating, chills, nausea or other symptoms.

Hi John,

It's going much better with the filter. We are enjoying it almost exclusively now for our drinking water. No side effects other than good ones for my wife and I. Thanks, Dave.
