

How UltraStream works

CRYSTAL QUARTZ
'finishing' for smooth taste

IONISING BEADS
Reacts with pure water
to create Molecular
Hydrogen

TOURMALINE
Softens and adds
far infra red energy

CERAMIC MAGNETS
stabilize the IONIC charge
and softens water.

FILTER PAD
removes sediment and
bacteria.

CATALYTIC CARBON
reduces organic
contaminants, colour,
odour, taste, pesticides,
THMs, chlorine,
chloramines and VOCs.

KDF-85
kills algae and fungi, control
bacteria growth, remove
chlorine, pesticides, organic
matter, rust, unpleasant
taste and odour, hydrogen
sulfide, iron, lead, nickel,
chromium, cadmium,
calcium, aluminium,
mercury, arsenic, and other
organic compounds.

ACTIVATED ALUMINA
reduces fluoride
